

# Alpine Ecology Course 2023

Bogong High Plains, Victoria

5th to 10th March

This is an opportunity to learn about the plants, animals, landforms, and soils that make up alpine ecosystems, in the context of land use and conservation issues. The course is designed for people who are involved in natural resource management or conservation in alpine and other natural environments. Most sessions are conducted in the field in small groups.

**Course Fee** including accommodation, meals, instruction, and course materials: \$2140 + GST.

An invoice will be sent to your organization on confirmation of a place at the course.

**Accommodation** at Cooroona Lodge, Falls Creek in shared bedrooms with ensuite bathrooms [www.cooroona.com.au/](http://www.cooroona.com.au/)

**Applications due by Monday 28<sup>th</sup> November 2022.**

**Please refer to application form.**

The course is limited to 25 participants who will be selected according to occupation, background and location.
