

Alpine Ecology Course 2024

Bogong High Plains, Victoria

3rd to 8th March

This is an opportunity to learn about the plants, animals, landforms, and soils that make up alpine ecosystems, in the context of land use and conservation issues. The course is designed for people who are involved in natural resource management or conservation in alpine and other natural environments. Most sessions are conducted in the field in small groups.

Course Fee including accommodation, meals, instruction, and course materials: \$2290 + GST. An invoice will be sent to your organization on confirmation of a place at the course.

Accommodation at Cooroona Lodge, Falls Creek in shared bedrooms with ensuite bathrooms www.cooroona.com.au

Applications due by Thursday 16th November 2023.

Please refer to application form.

The course is limited to 25 participants who will be selected according to occupation, background and location.
